# MAGIC BREEZE

## READY TO USE AIR FRESHENER & AIR ODOUR NEUTRALISER

An air freshener/conditioner specifically designed to encapsulate and destroy foul smells. Use to treat bars, restaurants, hotel rooms and other accommodation/public areas where stale odours are prevalent. Contains a long lasting residual Spring Time fragrance. Ideal for residential care homes, hotels, restaurants, building services cleaning and leisure facilities.

Product Name: MAGIC BREEZE  
Description: Ready to use air freshener & air odour neutraliser  
Pack Size(s): 6x750ml  
Pallet Size(s): 100  
Product Code(s): 1123

### HOW TO USE

MAGIC BREEZE is used directly from the bottle as a ready to go solution and requires no dilution with water. Suitable for use in all housekeeping, building services and residential care/lodging sectors where mal-odours are prevalent.

Using the trigger bottle atomiser spray direct and spray upwards into the corners of the room and allow to treat mal-odours.

Due to the strong residual fragrance do not over use; this should be the final product used on vacating the room after all other cleaning operations have been completed. It is safe to use on curtains, carpets and other soft furnishings.

It is specifically designed to remove mal-odours from the air and the surrounding soft furnishings. The product contains an encapsulating complex where by mal-odour molecules are bound together to freshen stale/stagnant enclosed air spaces.

### SAFETY ADVICE

Not classified as hazardous, however we advise that normal hygiene practices are adopted. Avoid contact with eyes and wear rubber gloves for repeated or prolonged use. In case of contact with eyes, rinse immediately and seek medical advice if irritation occurs.

#### **COSHH STATEMENT**

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice. **E-Mail Technical:** [technical.solutions@rpadam.co.uk](mailto:technical.solutions@rpadam.co.uk)
